## RICH SOIL AT THE GARDEN: AN INTERACTIVE SCHOOL TOUR

Bring your students for a guided tour of this seasonal exhibition featuring 29 sculptures with thought-provoking activities that explore art, science, and history plus a creative craft. This one-hour experience will help connect students to the natural world and explore their artistic side. The program can be adapted for grades K-12 and is available between May 8 & September 29.

### DATES

This program is available for individual classes from May 8-September 29. We'll also offer it as a festival program for large groups in the fall.

### PRICING

- \$8 per student
- Teachers free
- Additional chaperones \$10

Limited scholarships are available.  
Admission to MBBY not included

### ACTIVITIES

Students will "dig" into Rich Soil at the Garden on this interactive tour while they discover their connection with art & the natural world. Students will also explore their artistic side by creating a miniature wire sculpture inspired by the exhibition.

For more information or to book your field trip contact Kristen Zemaitis at 901-636-4126 or [kristen.zemaitis@membg.org](mailto:kristen.zemaitis@membg.org).
